Prologue

Vasavadatta Cement is a Second Green Field project by Kesoram Industries Ltd and ISO Certified Company, in Vasavadatta Cement the Environmental policy reflects each & every section in the organization. Our main vision is to conserve the Environment through new technologies, new initiatives.

At National Level, great emphasis is being laid on maintaining environmental quality, particularly in the regions where large-scale developmental programs are being undertaken. Vasavadatta Cement has adopted corporate policy along with various policies like, Water Policy, Energy Policy and Safety, Health and Environment Pillar policy, for conserving the Sustainable environment and its development. Company is rated Greenco Platinum by CII (Confederation of Indian Industries). In the year 2016 our mines has got 5 star rating by Indian Bureau of Mines for Sustainable Development Frame work.

Company aspires to exceed market expectations across all sustainability issues and go beyond legal compliance to proactively reduce our environmental impacts. Our goals are to reduce our overall carbon footprint by embedding Environmental controls and practices into the daily management of the firm and thereby encouraging positive behaviour from our staff to achieve a greener culture.

In order to comply with Environmental Protection Act and Environmental Preservation and Sustainable Development, Vasavadatta Cement has prepared the Environmental Statement Report; this report is furnished in Form-V & along with the data for Environmental components like Air, Water, & Energy for the period of April-2019 to March-2020.
